## 1. Visit Turtle Conservation at Serangan Island 09:00 - 11:00

The Turtle Conservation and Education Center (TCEC) opened by the governor of Bali, Mr Dewa Barata (20 January 2006) on Serangan island of Bali. TCEC is developed as part of the comprehensive strategy to eradicate illegal turtle trading on the island. Established on a land of 2.4 ha, the TCEC is trying to support the community of Serangan to find the alternatives beside illegal turtle business. The centre harnesses the potential of education, tourism, conservation and research, with a liberal sprinkling of business, to give endangered turtles one more chance on Serangan.

The four fundamental aspects to the centre include putting a definitive end to turtle trade, by encouraging the public not to consume turtle products (religious use or otherwise), and to generally support turtle conservation; providing turtles for rituals - without their killing - and monitoring turtle size and numbers, so that their use can be strictly controlled and regulated; offering employment opportunities for locals from Serangan; and finally, acting as a watchdog for turtle trade - in Serangan in particular and Bali in general.

## 2. Visit Udayana University (University hospital, Institute of peace and Democracy

*(Photo session in front of Rectorat Building) 11:00-12:00*

In the beginning of the 1960s, the people of Bali aspired to have a Tertiary Institution on the island. In order to realize this aspiration, on May 12th 1961, several figures from the educational sector, government, and community leaders conducted a conference led by Prof.Dr. Purbatjaraka, and assisted by Prof. Dr. Ida Bagus Mantra as secretary.

The conference discussed the steps required for the preparation of the establishment of a tertiary institution in Bali. An agreement was also reached for the formation of a committee led by dr. Anak Agung Made Djelantik, Head of the Board of Health in Bali, with a team of eight members.

Subsequently, the committee formed an institution named the Tertiary Education Institution of Bali, chaired by Ir. Ida Bagus Oka (Coordinator of Public Works Boards in the Southeast Islands Region); vice chaired by Dr. I Gusti Ngurah Gede Ngurah, assisted by two secretaries, Prof. Dr. Ida Bagus Mantra, and Drh. G.D. Teken Temadja. This institution succeeded in forming the Preparatory Committee for the establishment of Udayana University Bali on January 15th, 1962.

By a decision of the Directorate General of Higher Education, Ministry of Education and Culture of Indonesia, Udayana University (UNUD) was officially founded in August 17, 1962. Initially Unud consisted of four faculties: Letters, Medicine, Veterinary Sciences and Animal Husbandry and Education and Teacher Training.

The Faculty of Letters was actually established on 29th September 1958, however, the time it was a subsidiary of the Faculty of Letters of Airlangga University in Surabaya (East Java). This Faculty was then integrated into Udayana University in 1962. Although it was founded on August 17, the anniversary date of Udayana University is not August 17, but was chosen to be on September 29 to commemorate the date of establishment of the Faculty of Letters in 1958. Unud has developed rapidly, in 2015 the university has 13 faculties, 25 master programs and 10 doctoral programs.

Udayana University today's is listed as one of the 50 "Promising Universities of Indonesia" published by the Ministry of Education of Republic Indonesia, out of nearly 2,500 higher education institutions around the country. The university has a strong position as one of the leading universities particularly in the Eastern Indonesian Territory.

### ***3. Lunch at Garuda Wisnu Kencana***

**Mandala Garuda Wisnu Kencana**, or **Garuda Wisnu Kencana** (GWK), is a cultural park covering approximately 60 ha area located in Ungasan, Badung Regency, or about 10–15 minutes driving from Bali Ngurah Rai International Airport. It is devoted to the Hindu God Vishnu, and his mount, Garuda, the mythical bird who became his companion.

Currently, the statue of Vishnu is 23 metres (75.5 ft) high, although the original plan was for a 120-metre (390 ft) gold-plated Vishnu riding Garuda on top of an 11-storey entertainment complex. Garuda wing span will be 64 metres (210.0 ft) across. The idea was not without controversy, and religious authorities on the island complained that its massive size might disrupt the spiritual balance of the island, and that its commercial nature was inappropriate, but some groups agree with the project, because it will make new tourist attraction over barren land.

In 2013 Nyoman Nuarta and PT Alam Sutera Realty Tbk (IDX:ASRI) joined to build villas and apartments in the GWK area in exchange for Rp150 billion (\$14.4 million). Nuarta plans to spend Rp20 billion to make another bust and to move the existing bust to another site 300 meters from the original site. It plans to spend additional Rp29 billion to make the new statue of stainless steel instead of galvanized steel as proposed previous design.

### ***4. Tour to Uluwatu Temple***

**Uluwatu Temple** (Indonesian: **Pura (Luhur) Uluwatu**) is a Balinese sea temple (*pura segara*) in Uluwatu (Kuta South, Badung). The temple is regarded as one of the *sad kahyangan* and is dedicated to Sang Hyang Widhi Wasa in his manifestation as Rudra.

The temple (*pura* in Balinese) is built at the edge (*ulu*) of a 70 meter high cliff or rock (*watu*) projecting into the sea. In folklore, this rock is said to be part of Dewi Danu's petrified barque.

Though a small temple was claimed to have existed earlier, the structure was significantly expanded by a Javanese sage, Empu Kuturan in the 11th Century. Another sage from East Java, Dang Hyang Nirartha is credited for constructing the padmasana shrines and it is said that he attained moksha here, an event called *ngeluhur* ("to go up") locally. This has resulted in the temple's epithet *Luhur*.
